Occasionally, local cable providers unnecessarily direct viewers to the network instead of your station. Please contact the cable companies in your market to verify that they have your station's correct mailing address, telephone number, fax number and e-mail website address. This will save your viewers a long distance phone call when your station is able to answer their question or request.

FOX will update you periodically as other phone numbers and addresses become available.

PLEASE PROVIDE A COPY OF THIS E-ALERT TO ALL STATION PERSONNEL THAT DEAL WITH VIEWER CALLS.
